**ATTACHMENT II**  
**PRICING SHEET**  
**PERIOD OF PERFORMANCE**

Services are required from 1 July 04 to 30 Sep 04. Five option periods will be included which will extend services through 30 June 09, if required by the Government. The Contracting Officer reserves the right to adjust the start and end dates of performance to meet the actual contract start date.

**PRICING INFORMATION**

Insert the price per hour that you want the Navy to pay you. You may want to consider inflation rates when pricing the option periods. The Government will award a contract that is neither too high nor too low. Your price would be high enough to retain your services but not so high as to be out of line when compared to the salaries of other Neonatologists in the San Diego, California area. The average hourly price awarded previously for performance in 2003 by Neonatologists is \$148.00 per hour. The hourly price includes consideration for the following taxes and insurance that are required:

(a) Please note that if you are awarded a Government contract position, you will be responsible for paying all federal, state and, local taxes. The Navy does not withhold any taxes. Your proposed prices should include the amount you will pay in taxes.

(b) Before commencing work under a contract, you shall obtain the following required levels of insurance at your own expense: (a) General Liability - Bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence, and (b) Automobile Liability - Auto liability insurance written on the comprehensive form of policy. Provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage.

The price that you quote for the base period will be added to the proposed quote for all option periods for the purpose of price evaluation.

You will be paid at that composite price.
